Rewiring Awareness: Neural Foundations, Assessment, and Interventions for Spatial Neglect After Stroke

 **Date & Time**

February 23rd, 2026

4:00 PM - 8:00 PM

 **Presenter**

Rachelle Janning, OTD, MS, OTR/L, CAPS, CBIS

About This Event

Join us for a free CEU collaborative event with KOTA and KPTA, with dinner included! Sponsored by St Elizabeth and Encompass Rehabilitation. In-depth continuing education session exploring spatial neglect following stroke. This comprehensive program will cover the neural foundations underlying spatial awareness, evidence-based assessment techniques, and innovative intervention strategies to support recovery and improve functional outcomes for individuals experiencing spatial neglect.
